

ZERO CLICK ATTACK

CYBERCRIME & CYBERSECURITY 101

An initiative by ISSA Egypt

ZERO CLICK ATTACK

A stealthy cyber intrusion that compromises a device without any user interaction, making it extremely hard to detect or prevent.

اختراق خفي يصيب الجهاز من دون
أي تفاعل من المستخدم، مما يجعله
صعب الاكتشاف أو المنع.

DR. MOHAMED EL-GUINDY

UNODC Senior Cybercrime Expert and President of ISSA Egypt.
He is a leading authority on cybercrime, digital evidence, and
cybersecurity education.
