

DDOS ATTACK

CYBERCRIME & CYBERSECURITY 101

An initiative by ISSA Egypt

DDOS ATTACK

An attack where many compromised computers send massive traffic to a target, making it slow or completely unavailable.

هجوم يستخدم العديد من الأجهزة
المختربة لإرسال كمية كبيرة من
البيانات إلى هدف، فيبطئه أو يمنع
عن العمل تمامًا.

DR. MOHAMED EL-GUINDY

UNODC Senior Cybercrime Expert and President of ISSA Egypt.
He is a leading authority on cybercrime, digital evidence, and
cybersecurity education.
